MDLS WHC is not a free clinic, we are a comprehensive health center providing high quality medical services to all patients, regardless of their ability to pay for them at the time of service. If you do not qualify for health insurance, you will be directed to our Patient Accounts Counselor, who will walk you through our Sliding Fee Scale. We accept all insurances and patients will be eligible for DVCH's sliding fee discount Scale (SFDS), according to their income and family size. The SFDS PROGRAM is intended to minimize financial barriers to care for patients at or below 200 percent of the Federal Poverty Guidelines (FPG). Estimate your costs on our website at www.DVCH.org/Patients & Families/Fees and Accepted Insurance.

Updating & Requesting Your Medical Record

During your visit you will be asked questions about your medical history, please answer to the best of your ability so we can better treat you.

Bring in any Medication Bottles, Emergency Room or Hospital Discharge Papers, or Reports from Tests you've had since your last visit. Ask Specialists to send reports to your Primary Care Provider.

Update your mailing address, phone number and email address, if it changes.

Please call us at **215.291.2500**, download & print a copy from our website (www.DVCH.org/Patient & Families/Patient Forms), or come in to sign a Release of Information form if you would like a copy of your medical records. Please allow 5-7 business days to complete your request.

Quality Care You Can Count On

When making an appointment, you may request a Primary Care Provider of your choice. If you do not have a preference, we will give you an appointment with the next available Medical Provider and assign this Provider as your "Primary Care Provider." To provide consistent, familiar, high-quality clinical care we encourage patients to schedule appointments with their assigned Primary Care Provider as much as possible.
