All patients will have access to our Patient Accounts Counselor, who will walk you through our Sliding Fee Discount Scale (SFDS). Patients will be eligible for the SFDS according to their income and family size. Our Mission Statement:

Delaware Valley Community Health (DVCH) is a community-focused health care organization providing affordable, accessible, primary medical, dental and behavioral health care and preventive services to the patients in its service area. Services are provided in a fiscally responsible manner to all patients regardless of their ability to pay.

How to Access the Patient Portal

After your first appointment, you can ask for a patient portal invitation link sent to your email. From there you can set up your portal and gain access to things like health records, appointment times, and to renew prescriptions!

Give Us Your Feedback

At DVCH, we always put patients first. To help improve our services, take the short survey sent to you after your appointment.

You can also email complianceofficer@dvch.org if you have any concerns about how you were treated.

Patient Resources

DVCH also gives all our patients educational tools to self-manage their care. Visit https://www.findhelp.org/ to see our resources.
